

Section 14: Repairs to Meters

- A. Meters will be repaired by the District and the cost of such repairs caused by ordinary wear and tear will be borne by the District.
- B. The consumer and owner of the premises shall be jointly liable to the District for the cost to repair any damage to a meter resulting from the intentional act or negligence of the owner or consumer or their tenants, agents and employees, including, but not limited to, damage resulting from the failure to properly secure or protect the meter, permitting the meter to freeze or to be damaged by the presence of hot water or steam.
