

# WINTER PLOWING / SUMMER MOWING

## Brush/Leaves:

There is no curbside pickup of brush or leaves in the Town of Geneva. Please dispose of yard waste appropriately by burning (prior notice required to Town Police Dept. 262-248-9926), composting, or arranging for disposal with an outside company.

## Mailboxes:

Wisconsin Statute 86.04 permits placement of mailboxes and newspaper tubes in Town road right-of-ways for the convenience of the resident. However, mailboxes and newspaper tubes accidentally damaged during Town summer maintenance or removal of snow will be the resident/owner's obligation to repair or replace. Parties with questions about safety and sturdy installation are encouraged to call the Highway Department (262-248-2135) for additional information.

## Shoveling/Plowing:

Shoveling, plowing or other removal of snow from private/commercial driveways or sidewalks onto public roads is illegal. Such actions are subject to fines and other prosecution. We understand winter snow plowing causes certain issues while clearing your own driveway. To minimize the impact of plowing, we suggest following the diagram below.

**Thank you for your cooperation!**
