

**TOWN OF GENEVA TREE CARE AND TREE REMOVAL REQUEST**

Please be advised that pursuant to Wisconsin Statutes section 86.03, both the municipality and adjacent landowners have a duty to remove fallen trees in the right-of-way and that trees may not be cut or injured from the right-of-way unless performed by the municipality or the actual owner of the property. Please further note that pursuant to Wisconsin Statutes section 66.0627(2), a municipality may specially charge adjacent landowners for services provided with respect to tree care and tree removal in the right-of-way.

By completing this request, the municipality is not accepting responsibility for the identified tree care or tree removal and is not responsible for any damage or injury that the tree(s) may cause in the future.

- The municipality is not making any representation that the tree(s) will be cared for or removed within any specified time period.
- The municipality makes no guarantees as to the trees care or removal.
- You may choose to hire a licensed and insured third party to assess the prospective tree care or tree removal and have them proceed accordingly and at your own expense.
- **Unsigned requests will not be responded to.**
